

Mallikarjuna TUPAKULA

AI Researcher | Multimodal AI | Language Modeling | AI Safety

in [linkedin.com/in/neuralnerd](https://www.linkedin.com/in/neuralnerd) github.com/MALLI7622 [+19253418964](tel:+19253418964) malli7622.github.io
✉ twitter.com/_neuralnerd_ @ tmallikarjuna111@gmail.com [Google Scholar](#)

AI researcher working on language modeling, synthetic data generation, LLM evaluation, and AI for Science, with hands-on experience scaling experiments on HPC clusters.

EXPERIENCE

Present March 2026	Institute of Foundational Models - MBZUAI 🌐 ML Research Rochester, USA AI Research Intern Advisor : <i>Dr. Mikhail Yurochkin</i> - Developed the data RL tasks for STEM post-training from crawled arXiv and StackExchange data for building 375 MoE model, while also delivering large-scale supervised fine-tuning datasets which is around 120 billion of tokens. - Built executable Harbor tasks from HLE and SciCode to evaluate frontier model capabilities on agentic reasoning, tool use, and code execution in containerized environments. - Generated large-scale synthetic reasoning data using a Socratic student-teacher pipeline, scaling production across 500 HPC nodes with validation, filtering, and resumable SLURM workflows. - Building an SFT data agent that automatically retrieves, interprets, converts, and validates heterogeneous datasets into training-ready SFT format with reasoning-aware quality checks.
February 2026 September 2024	Rochester Institute of Technology 🌐 ML Research Rochester, USA Graduate Research Assistant Advisor : <i>Prof. Ashique KhudaBhuksh</i> - Solely led MoleculeLens, a novel multimodal interpretable retrieval framework with <i>Prof. Sanghamitra Dutta</i>, currently under review; extends prior work on Thin Bridges for Drug-Text Alignment accepted at NeurIPS 2025 (FM4LS). - Co-authored publication in INFORMS Journal on Computing, developing a multimodal machine-comprehension framework evaluating 48,956 YouTube Kids videos; achieved 77.5% accuracy on ScienceQA and F1 = 0.82 on the CVQA dataset. - Developing diffusion-based brain decoding pipelines in compute efficient way (<i>fMRI</i> → <i>image reconstruction</i>) for multimodal perception tasks using Stable Diffusion and CLIP embeddings.
August 2024 December 2020	Indian School of Business 🌐 Pre-doctorial Program Hyderabad, India Research Assistant Advisor : <i>Prof. Sumeet Kumar</i> - Worked on AI for Social Good and AI Safety problems on social media platforms by processing large multimodal datasets (YouTube, Amazon, Twitter) at TeraByte scale, leading to publications at AAAI, ASONAM, INFORMS, and ACL. - Understand the user engagement and content dynamics on social media platforms by analyzing the large-scale data, and building machine learning models to predict user behavior and content virality at scale.
November 2020 August 2020	Spacept 🌐 Core ML Team Stockholm (Remote), Sweden Research Intern Advisor : <i>Sergiu Iliev (Founder)</i> Developed a custom DL model for oil spill classification using Google Earth Engine and Sentinel satellite data of the Mauritius oil spill (July 2020), engineering scalable pipelines and augmentations that improved accuracy from 65% to 78%, demonstrating transferability to real-world autonomous sensing.
March 2020 December 2019	Indian Institute of Technology Madras 🌐 Neuromotive Team Chennai, India Research Intern Advisor : <i>Prof. Srinivasa Chakravarthy</i> Implemented Elman-Jordan-based CT reconstruction halving projections (360 → 180) for efficient imaging AI, techniques extendable to on-device simulation.
July 2019 May 2019	Indian Institute of Management Bangalore 🌐 Research and Development Team Bangalore, India Research Intern Advisor : <i>Prof. Trilochan Sastry</i> Analyzed the real-time data sales from Farmveda and predicted future sales, even further improving the sales by being actively involved in the Digital Marketing team.

EDUCATION

Present	Rochester Institute of Technology	Rochester, USA
---------	--	----------------

August 2024 | MS in Computer Software Engineering
Awarded a prestigious, fully funded merit-cum-means scholarship from the University

May 2020 | Acharya Nagarjuna University | Guntur, India
June 2016 | B.Tech in Computer Science and Engineering
Secured a full merit-cum-means scholarship from the Government of Andhra Pradesh.

PUBLICATIONS

- [1] **MoleculeLens : Interpretable Drug–Text Retrieval via Salient Molecular Substructures.** *Manuscript under review.*
- [2] **Thin Bridges for Drug Text Alignment : Lightweight Contrastive Learning for Target Specific Drug Retrieval** Mallikarjuna Tupakula. *NeurIPS 2025 2nd Workshop on Multi-modal Foundation Models and Large Language Models for Life Sciences (NeurIPS'25 FM4LS)*
- [3] **Quantifying the Academic Quality of Children's Videos Using Machine Comprehension,** Sumeet Kumar, Mallikarjuna Tupakula, Ashique KhudaBukhsh. *INFORMS Journal on Computing Accepted at (IJOC)*
- [4] **Gender Biases and Stereotyping in Children's Videos : A Study on 100 Popular Kids Channels on YouTube.,** Sumeet Kumar, Mallikarjuna Tupakula, Ashique KhudaBukhsh. *submitting to Nature Human Behaviour(Accepted at Association for Computational Linguistics (ACL SRW'23)*
- [5] **Anonymous Dissent in the Digital Age : A YouTube Dislikes Dataset.** Sujan Dutta, Mallikarjuna Tupakula, Sumeet Kumar, Ashique KhudaBukhsh. *The 16th International Conference on Advances in Social Networks Analysis and Mining(Accepted)*
- [6] **Large Language Models for Rating the Language of Children's Videos on YouTube.** Mallikarjuna Tupakula, Sumeet Kumar, Ashique KhudaBukhsh. *INFORMS Journal on Computing (Submitting to IJOC)*
- [7] **Do Vision Transformers and Convolutional Neural Networks fit together?** Mallikarjuna Tupakula *Under Conference Submission*

AWARDS AND HONORS

- Received \$1000 Google Cloud Platform (GCP) credit award as part of the TPU Builders program March 2026
- Received CVPR'25 Broadening Participation Participant Award May 13, 2025
- Received registration support from the Machine Learning and the Physical Sciences Workshop, NeurIPS 2024, for serving as a reviewer November 26, 2024
- Received funding from Linux Foundation for attending PyTorch 2024 conference at San Francisco September 8, 2024
- Awarded full merit scholarship for Graduate studies at Rochester Institute of Technology April 15, 2024
- Awarded Kathuria Pre-Doctoral Scholarship from Shri Nihal Chand Kathuria Education Trust for showing excellence in pre-doctorialship at Indian School of Business. January 21, 2023
- Awarded full scholarship for undergraduate studies in lieu of exceptional performance in the entrance examination and prior academic record. June 20, 2016 - April 18, 2020
- Awarded Highly Competitive and Prestigious Facebook AI Scholarship. September 13, 2019

TEACHING

- Teaching Assistant - Advanced Qualitative Research Analysis (executive Ph.D.), Indian School of Business. Spring, 2024

TECHNICAL SKILLS

Core ML	Machine Learning, Deep Learning, Computer Vision, Natural Language Processing, Large Language Models, Large Vision Models, Medical Imaging, Reinforcement Learning, AI for Social Good, Statistical Modelling
Research Skills	AI Safety, Multimodal AI, AI Alignment, Bias detection, Interpretability, governance relevant social science research, LLM evaluation
AI Systems	LLM Evaluation, LLM Agents, Tool Use, SFT Data Pipelines, RL Task Generation
Programming	Python (Adoptable to any python library conveniently), C/C++, MATLAB, Java, HTML
Frameworks	PyTorch, Numpy, OpenCV, selenium, pandas, scikit-learn, Transformers, TensorFlow, JAX
Developer Tools	Git, AWS, Google Cloud, PySpark

VOLUNTEERING

- Served as Reviewer for NeurIPS'25 workshops on Imageomics, CogInterp, Efficient Reasoning and AI4Music
- Served as a Reviewer for CVPR 2025 Workshops on Responsible Generative AI, and Image Matching : Local Features & Beyond

3. **Served as a Reviewer for NeurIPS 2024 Workshops on Creativity & Generative AI, SoLar, MINT, and ML4PS.**
4. **Served as a PC member of the committee of the 2024 INFORMS Workshop on Data Science.**
5. **Volunteered at AI4ALL as a portfolio project mentor to guide high school students on their ML projects.**
